

The screenshot shows the gvSIG software interface. On the left, the 'Gestor de proyecto' (Project Manager) window is open, displaying a list of documents under 'Tipos de documentos' (Types of documents): Vista, Tabla, Mapa, and Gráficas. The 'Tabla' (Table) section is active, showing a list of tables: 'Tabla de atributos: Yacimientos_Comunidad_Valenciana Monastil.Hoja 1' and 'Tabla de atributos: Yacimientos_Andalucia'. Below this list are buttons for 'Nuevo', 'Abrir...', 'Renombrar', 'Borrar', and 'Propiedades'. At the bottom of the Project Manager, session properties are shown: 'Nombre de la sesión: Sin título', 'Guardado en: D:\ANDRES\FORMACION\CURSO_GVSIG Y ARQUEOLOGI...', and 'Fecha de creación: 04-ene-2019'. In the center, the 'Nueva tabla' (New Table) dialog box is open, showing a table named 'Yacimientos_Andalucia-info.csv' selected in the 'Archivo' (File) tab. Below this, the 'CSVStoreParameters' dialog box is open, showing configuration options for the CSV file: 'File' (gvSIG_Arqueologia\Yacim_Andalucia\Yacimientos_Andalucia-info.csv), 'profile' (Excel North Europe (double quote, semicolon and lf)), 'quotePolicy' (Quotes fields which contain special characters), 'locale' (Default (use system locale)), and 'firstLineHeader' (checked). Both dialog boxes have 'Aceptar' (Accept) and 'Cancelar' (Cancel) buttons. Green arrows point to the 'Nueva tabla' dialog, the 'CSVStoreParameters' dialog, and the 'Aceptar' button of the 'CSVStoreParameters' dialog.
